

## AIRAH Fellow Application

version January 2023

### Nominating for Fellow grade

Fellow is the grade of membership conferred on AIRAH members who have held the grade of Member for at least 10 years and have made an outstanding, distinctive, and exemplary contribution to AIRAH and the heating, ventilation, air conditioning, refrigeration, and/or related building services industry.

More information on AIRAH membership types is available at [airah.org.au/grades](https://airah.org.au/grades)

#### Categories

Prospective candidates will be assessed for their service to the HVAC&R industry in at least one of the following categories:

- HVAC&R project delivery (e.g., design, installation, commissioning, etc.)
- Innovation
- Research
- Academia
- Training
- Government and regulatory
- Other fields relevant to AIRAH

#### Evidence of contribution to industry

Applicants must provide a summary of activities demonstrating a contribution to the industry during their career. The following activities provide guidance on the type of activity the review panel will consider:

- Published two technical papers at an AIRAH conference or other reputable technical conference
- Published two peer-reviewed technical papers in Ecolibrium or other reputable technical publication
- Held a position as an appointed AIRAH representative on a government or industry technical committee
- Held the position of AIRAH national President or Director
- Presented an AIRAH technical training program of not less than four hours duration
- Authored or reviewed an AIRAH technical manual or training program

#### Submit

Please return your completed form to [membership@airah.org.au](mailto:membership@airah.org.au)

All applications will be evaluated by a committee appointed by the Chief Executive Officer and, if accepted, will be forwarded to the Board of Directors for review and ratification.
