Young species with a lot to learn
We are Life. We are Nature.
Biomimicry is the conscious emulation of Nature’s Genius.
Nature as Mentor, Model and Measure
Earth's Operating Conditions:

- Adapt to changing conditions
- Be locally attuned and responsive
- Use life-friendly chemistry
- Be resource efficient (material and energy)
- Integrate development with growth
- Evolve to survive

Life creates conditions conducive to life.
Be Resource (material & energy) efficient

Life’s Principles
Be Locally Attuned & Responsive
Life’s Principles
Adapt to Changing Conditions
Life’s Principles
Integrate Development & Growth

Life’s Principles
Use Life-Friendly Chemistry
Life’s Principles
Evolve to Survive

Eastgate Building, Harare, Zimbabwe
Wind Turbine Blades
Shi Ling Bridge, China
Sahara Forest Pilot Project
Mature Ecosystem
Circular Metabolism
Weblike Food Chains
High Diversity of Species & Functions
Decentralised, Modular Infrastructure
Creative Cooperative Relationships
Feedback loops
Adaptable & resilient
Joy to live in

Abuja City, Nigeria
A new world is not only possible, she is on her way.
On a quiet day, I can hear her breathing.

Arundhati Roy
