

## **Paul Crapper**

### **CFO & Director Marketing and Business Services Building Commission and Plumbing Industry Commission**

Paul was appointed as a Director of the Building Commission in September 2001 and more recently in May 2006 became CFO & Director Marketing and Business Services for both the Building Commission and the Plumbing Industry Commission.

Connected with his current roles in Victoria, Paul has been a member of the Audit Committee of the World Green Building Council based in Toronto Canada, the Audit Committee of the Green Building Council of Australia based in Sydney, the Audit Committee of the Plumbing Industry Climate Action Centre in Brunswick and the RMIT School of Property, Construction and Project Management Advisory Committee.

Paul is a Fellow of both the Australian Institute of Company Directors and CPA Australia and is a CFO with experience across both the private and public sectors

Paul's most recent major achievement was joint project management for the Building Commission and Plumbing Industry Commission's relocation from the CBD and Camberwell (respectively) to their new co-located home at the Goods Shed North in Docklands. The project has refurbished an 1889 heritage listed railways goods shed into a 21<sup>st</sup> century technology 5 Star Green Star Office Interiors outcome.
